

Greater Bay Area Innovation & Entrepreneurship Tour @Guangzhou

A 2-Day ESG and Tech Discovery for Future Changemakers

About This Programme

This 2-day tour takes students into the heart of the Greater Bay Area to explore **how technology and entrepreneurship are shaping the future.**

The programme includes:

- **Visits to leading tech companies** (autonomous driving, agritech, smart EVs)
- **Exposure to startup ecosystems** (incubators, funding, legal support)
- **Academic exchange at HKUST (Guangzhou)**

Students meet **engineers, founders, and professors** - and see what it takes to turn an idea into a business.

Programme Highlights

- **Pony.ai** - ride in a self-driving car and talk with autonomous driving experts
- **XAG** - see AI-powered drones transforming modern agriculture
- **XPeng Motors** - go behind the scenes of smart electric vehicle design and production
- **HKUST (Guangzhou)** - visit AI and data science labs and meet professors
- **Innovation Bay** - learn how startup incubators support young entrepreneurs with funding, legal advice, and office space
- **Green transport experience** - ride the tram and discuss sustainable urban mobility

Day 1 – Tech & Entrepreneurship Foundations

Time	Activity
8:00 – 10:30	Departure + pre-tour briefing + team introductions
10:50 – 11:30	Pony.ai – autonomous EV tour + expert discussion
11:45 – 12:15	Innovation Bay – startup incubator visit + entrepreneurship sharing session
14:00 – 16:00	HKUST (Guangzhou) – campus tour + lab visits + professor Q&A
16:45 – 17:30	Tram experience – green urban transport + discussion

Day 2 – Future Industries & Reflections

Time	Activity
9:30 – 10:30	XAG – agricultural drone demo + AI in farming
10:50 – 11:30	XPeng Motors – factory or showroom tour + autonomous driving demo + tech team Q&A
12:00 – 14:00	Lunch + group reflection

Schedule can be adjusted based on group needs.

2-Day Itinerary

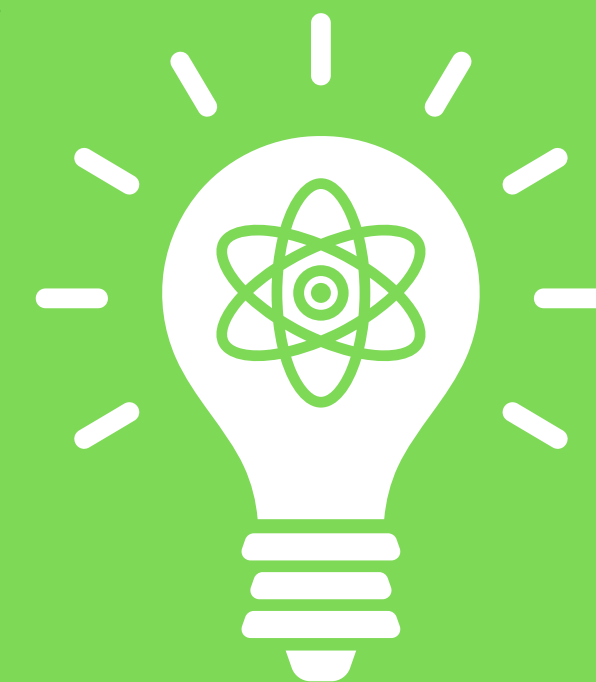

Session Highlights

Pony.ai - Autonomous Driving

A leading autonomous driving company operating in both China and the US.

- Ride in a real self-driving electric vehicle
- Learn how AI and deep learning power autonomous systems
- Discuss future applications in public transport and smart cities

Session Highlights

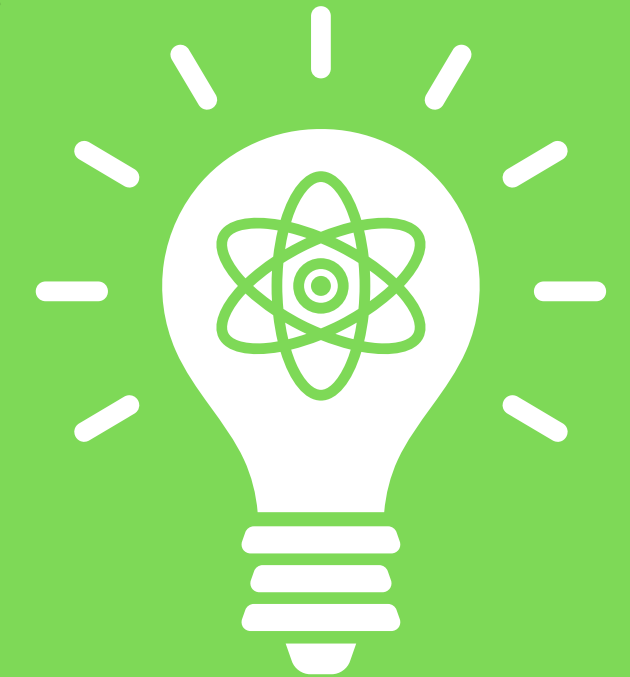

XPeng Motors - Smart EVs

A technology company focused on smart electric vehicles and future mobility solutions.

- **Tour the factory and showroom**
- **Learn about electric vehicle design and production**
- **Q&A with the technical team on future mobility**

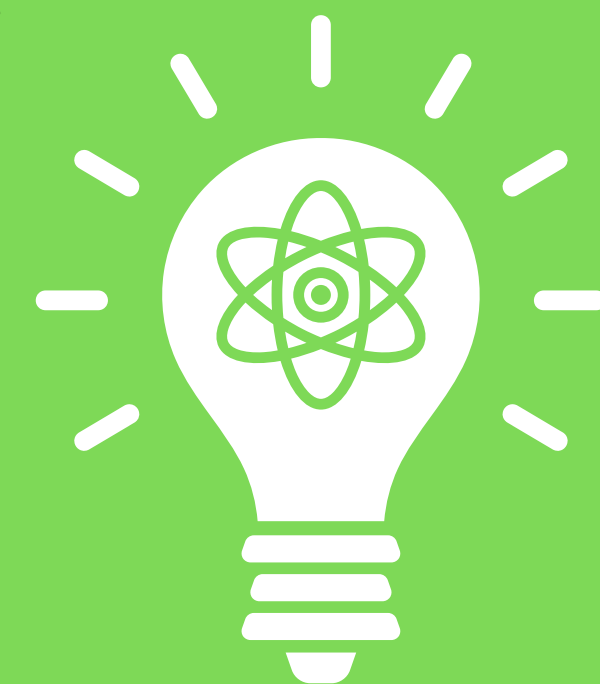

Session Highlights

XAG - Agricultural AI

A leading agritech company using drones, robotics, and AI to transform farming.

- **Watch live demos of AI-powered agricultural drones**
- **Learn how robotics and AI improve farming efficiency and sustainability**

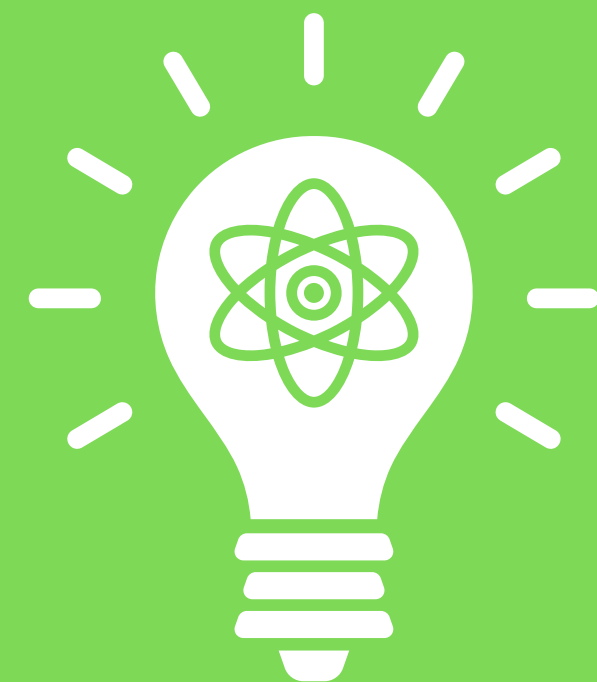

Session Highlights

Innovation Bay - Startup Hub

A dedicated platform supporting Hong Kong and Macao youth entrepreneurs with funding, legal support, and office space.

- **Tour the startup incubator**
- **Attend a session on funding, legal support, and startup resources**
- **Talk with early-stage founders**

Session Highlights

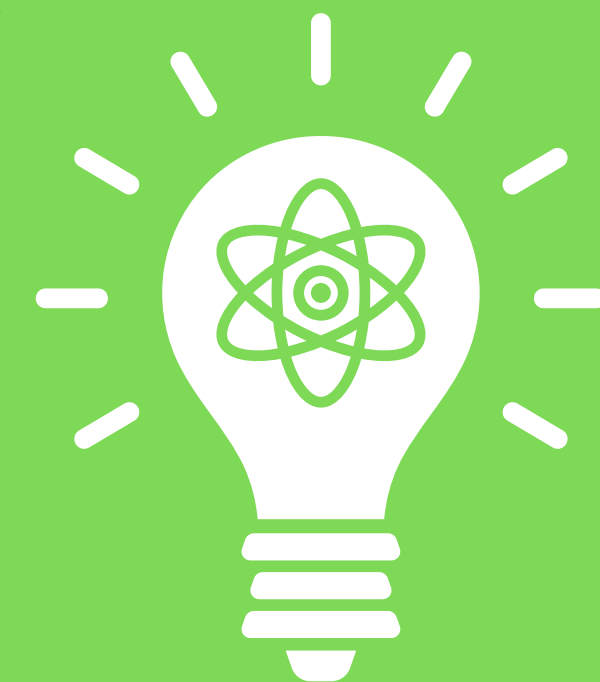

香港科技大学(广州)
THE HONG KONG UNIVERSITY OF SCIENCE
AND TECHNOLOGY (GUANGZHOU)

🎓 HKUST (Guangzhou) - Academic Exchange

- Visit AI and data science research labs
- Talk face-to-face with professors
- Learn about cross-border tech collaboration in the GBA
